Your DENIOS Safety Update

DENIOS

2 Stacking containers

6 Tiered trolleys and open fronted storage bins

10 Collision protection and barriers

Dear Reader,

Keeping a workplace clean and tidy not only helps protect the health and safety of employees, it also helps to save time and money.

With DENIOS having an efficient and safe work environment in production or operations does not have to be expensive.

Whatever you need to equip your business, DENIOS has everything you could need for everyday tasks and work safety. Whether it's a stacking container, a tool cabinet or collision barrier, everything on the next few pages will assist you in having an efficient and safe working environment.

Even more options can be found in our current main catalogue and our Online Shop at www.denios.co.uk/shop.

Do you have a question or need help selecting the right product? Our DENIOS experts are available on our FREE hotline 01952 700 338.
